A Total Solutions
Provider

Worldwide Reach
Local Support

A subsidiary of IAR Holding

AFI relationship with the customer continues throughout the complete lifecycle of the products we supply. Apart from holding an extensive stock of products and parts across our branch network we also offer the many value-add services at our branch locations or regional workshops.

All our technicians are highly experienced and receive regular training from our international partners. This ensures we get the job done on time and to the very highest standards.

Our Commitment to Quality

At AFI we pride ourselves on the quality of the products and services we provide. Quality is at the core of our business and we have our own dedicated quality management team. We are also proud to have achieved:

- ISO 9001:2015 Certification
- ASME Certification
- Successful audits by Aramco International and many leading OEM's

Seal Manufacture:

All AFI branches are equipped with a state-of-the-art SKF-Economax CNC Seal machine. This machine is capable of making Hydraulic Seal Kits up to 20inch (500 mm) diameter, O-Rings, back up seal and customize profile seals.

Hose Assembly:

All AFI branches have equipment for cutting and crimping hoses up to 2" in diameter. Furthermore, our main branches have equipment for crimping hoses to 6" in diameter as well as RESA10 pressure test benches capable of testing up to 40,000 PSI. In addition, we also supply SS braided hoses upto 12-inch diameter

Workshop Repair & Overhaul:

Our regional workshops have large dedicated workshops where we can repair and overhaul a range of industrial products and parts including:

- Hydraulic & pneumatic cylinders
- Hydraulic Pumps & motors
- Hydraulic valves, actuators & manifold blocks
- Hard Chrome plating
- Internal Diameter Chroming
- Other services on request

Authorized Service Centres:

As a testament to our high standards of service and quality we are one of the few companies in the Gulf region that have been approved as Authorized Service Centres for Enerpac and Parker.

Onsite Services:

If you can't afford a long downtime or the repair can only be done on site AFI can also provide a range of onsite services such as:

- Mobile Hose Van
- SKF Bearing diagnostics
- Repair of large scale hydraulic and pneumatic components on site
- Shutdown maintenance or hydraulic, pneumatic, and lubrication installations
- Installation and commissioning of SKF-Lincoln Lubrication systems
- Piping, Flushing of hydraulic and grease pipelines
- Hydraulic oil filtration and water separation
- Installation or overhauling of marine loading arms

We specialize in the repair, fabrication, and supply of quality hydraulic & pneumatic equipment and other components:

Hydraulics:

- Pumps & Motors
- Valves and Manifolds
- Cylinders
- Filters & Filtration Products
- Pullers and Press
- Bolting Tools & Nut Cutters
- Accumulators
- Power Packs

Pneumatics:

- Cylinders
- Tubing's and Fittings
- Air Service Units
- Solenoid Valves
- Automation Accessories

HOSES & FITTINGS

AFI has a complete range of hoses & fittings for different applications in various industries. Our branches nationwide provide hydraulic hose assembly up to 420 bar / 6000 psi. We also have our Mobile Hose Van Service for onsite requirements.

Hoses:

- Hydraulic Hose
- Industrial Hose
- Chemical Hose
- Beverage and Food Hose
- Air & Gas Hose
- Material Handling Hose
- Oil & Petrol Hoses
- Water & Steam Hose
- Hose Assemblies

Fittings:

- Quick Release
- Reusable Fittings
- Couplings
- Nipples
- Adapters
- Clamps
- Flanges
- Sockets
- Cam & Groove
- Dry-Break Coupling

SEALING SOLUTIONS

AFI is leading manufacturer and supplier of seals in the GCC region. Our range include:

- Hydraulic Seals
- Pneumatic Seals
- Seal Kits
- Oil Seals
- O-Ring
- O-Ring Cord
- Dupont Kalrez O-Ring
- O-Ring Kit
- Quad Ring
- Customized Seals
- Component Seals
- Gland Packings
- Chevron Packing
- Bonded Seals
- Splice & Joint

POWER TRANSMISSION

AFI Power Transmission is a trusted and reliable one-shop solution for a variety of products and brands required in every industry.

- Bearings
- Belts, Chains, Pulleys
- Sprockets, Couplings
- Bushings
- Gear Boxes
- Electrical Motors
- Echains, Chainflex
- Lubrication Systems
- Condition Monitoring
- High Performance Lubricant
- Shaft Alignment Tools
- Bearing Pullers
- Induction Heater
- Other Maintenance Products

Company Profile:

Founded in 1984 by Mr. Ibrahim Ali Al Rashoodi, Alqa For Industry (AFI) is a leading industrial and engineering organization headquartered in Dammam, Kingdom of Saudi Arabia. Our Business activities include industrial solutions/MRO, transportation solutions, equipment sales and rental, contracting, chemicals and security systems.

From our humble base in Dammam the company has grown steadily over the past three decades and now has facilities in 12 locations across four GCC countries. Our workforce now exceeds 600 persons. At the core of our business philosophy is delivering high quality products and solutions to our customers, backed up by excellent after-sales service and technical support. For us the customer is always the priority. In particular, we pride ourselves on our inhouse capability to design and manufacture high-quality technical products to serve the local market needs.
